

The Charles Rudnick for State Senate Campaign is looking for highly motivated high school students to start an internship immediately. Interns will participate in daily campaign responsibilities, including field, communications and finance tasks. Ties to the Brookline, Newton or Wellesley communities are preferable.

Charles Rudnick is a Democrat running for State Senate representing Newton, Brookline and Wellesley. He wants to provide an energetic new voice for change, accountability and progressive values.

These are unpaid positions, but we will work with students to provide class credit/service hours. This is an exciting and important race. The internship will be a great resume builder, a chance to learn about the political process, and an opportunity to meet people in the field. No previous campaign experience is necessary, but always a plus.

Interested applicants should e-mail a letter explaining interest in the position to Kayla@charlesrudnick.com.
